MAYOR

You would be my boss!

* No tax increase

* Use existing facilities

* Listen to ^{our compadres} ^{Plan calls for a new state of the art City Hall, there is a need for a million dollar facility for city government workers in our small town} ^{let's it out}

* The Mayor's ^{proposal} pay increase for the Mayor's position

* Young Peoples involved in ^{city} ^{to give Wasilla a choice}

Wasilla needs a conservative choice in leadership. The current Mayor is looking at his fourth term in office. Let's get away from politics.

"City Hall says it sells the need for an increase in sales and property tax to pay for some local politicians' wish list. There is no need to raise taxes, which is collecting two million dollars a year more than what we had projected when we sold the sales tax proposal to you four years ago!"
